## **IMPORTANT PRECAUTIONS**

**WARNING! YOU ARE FULLY RESPONSIBLE FOR YOUR OWN SAFETY WHILE USING THIS APPLIANCE**

- Check if the voltage that is indicated on the appliance corresponds to the local mains voltage before you connect the appliance.
- If the mains cord is damaged, it must be replaced by an authorised service centre or similarly qualified persons in order to avoid a hazard.
- This device must not be used by children or persons with diminished mental, physical or sensorial capacities, unless said persons have received specific assistance or instruction for using the device by a person responsible for their safety who is fully aware of the dangers involved.
- Check that the device is in perfect working order before every use. The device must not be used if: the power cable appears damaged, the device is visibly damaged, or the device has been dropped, in the event of any of the above, have the device checked by an expert or the customer service.
- Do not use extension leads.
- Use the device only for the purposes for which it is intended.
- Do not expose the appliance to extreme heat or direct sunlight.
- Never disassemble the appliance to avoid the risk of electric shock.
- Do not immerse the base, the cord or the plug in water or any other liquid.
- Always let the appliance cool down before moving or storing it.
- Always place and use the appliance on a dry, stable, level and horizontal surface.
- Do not place the appliance on a hot surface or in a heated oven.
- Keep the appliance out of the reach of children.
- Do not let the mains cord hang over the edge of the table or worktop on which the appliance stands.
- Only use baby bottles that have been approved for boiling.
- Always pour any remaining water out of the appliance after use.
- Test food on the back of your hand before serving it, to ensure that it is at a safe temperature for your baby.
- Always unplug the appliance after use.
- Never place items on top of the appliance when it is in use.
- Unplug the baby bottle food warmer when not in use.
- **No water is needed for this device. DO NOT fill in the device with water!**
- Do not dismantle it by yourself, baby bottle/ food warmer does not contain any user serviceable part inside.
- Do not heat food continuously, it may destroy the vitamins of the food.

**WARNING! OBSERVE SAFETY RULES TO AVOID THE RISK OF ELECTRIC SHOCK AND FIRE.**
